

The top of the page features two symmetrical, stylized chemical structures in blue. Each structure consists of a central hexagon with several lines radiating from its vertices, some ending in smaller hexagons or circles, resembling a molecular model or a network diagram.

September 27th

4:30-6:00

**FAMILY**

**S.T.E.A.M.**

**NIGHT**

**SCIENCE. TECHNOLOGY. ENGINEERING. ART. MATHEMATICS**

Families are invited to inspire students to think creatively, collaborate,  
and solve problems!

Families will explore different science-based activities.

There will be sessions held in the gym for additional family resources.

Session times:

4:40-5:00

5:00-5:20

5:20-5:40
